

FOOD SERVICE

BRODY
CHEMICAL

A kitchen rack with various metal and wooden-handled tools hanging against a white subway tile wall. The tools include a rolling pin, a masher, a strainer, and a spoon. The rack is made of dark metal and has several hooks. The tiles are white with dark grey grout.

WELCOME TO BRODY CHEMICAL

Brody Chemical began operations in Salt Lake City, Utah in 1975. Since then, the company has grown from a small local company to one that provides superior products and services to over half of the United States. Brody's success is attributed to its commitment to create innovative and highly effective products—manufactured under strict quality control standards, a responsive technical support team, and a professional, well-trained, service-driven sales force. Brody Chemical's comprehensive product line boasts over 600 different formulations of sanitation, institutional, industrial and maintenance chemicals for professional use. Reducing the risks associated with chemical usage and disposal, avoiding depletion of the Earth's natural resources, and enhancing the safety and work environment for clients are core values of Brody Chemical.

ALL PURPOSE CLEANER

VERY CONCENTRATED

This product is a free-rinsing, neutral, non-toxic, all-purpose, synthetic liquid detergent. It is a concentrated, chemically balanced cleaner that first wets the soil by surrounding grease, grime and dirt. Second, it penetrates these soils and breaks them into small particles. Third, grease and oils are emulsified. Finally, soil-suspending ingredients float away dirt and grime, leaving a clean surface.

ALL PURPOSE CLEANER AEROSOL

HIGH FOAMING

All Purpose Cleaner Aerosol is a high-foaming, clinging formulation, containing ammonia that instantly attacks and loosens dirt, fingerprints, smudges, oils and greases from most hard surfaces. It is non-abrasive and works especially well on painted surfaces, ceramic tile, porcelain and Formica. It is also excellent for leather, vinyl and plastic surfaces. Use in restaurants and food service operations. USDA approved.

AUTOMATIC SCRUBBER

CONTROLLED SUDS CLEANER

This non-butyl, heavy-duty cleaner contains special properties allowing for deep penetrating and emulsifying action. These ingredients suspend debris in solution so it is rinsed away rather than redeposited on cleaned surfaces. Automatic Scrubber dissolves grease and dirt by positive emulsion; oils, dirt and greases are actually emulsified into the water, resulting in more thorough cleaning and no ring-around-the-wash-tank. This product is excellent for use as a general cleaner. USDA approved.

BACTERIA CONCENTRATE

800 BILLION PER GALLON

Bacteria Concentrate is a multiple, spore-blend concentrate designed for use as a base culture in the formulation of biological based products. Bacteria concentrate is designed specifically to improve the bioenzymatic liquification and digestion of organic waste. This concentrate promotes the rapid breakdown of organic matter in applications where accelerated enzymatic reactions are desired, such as in drain lines, grease traps and waste degrading applications. Bacteria Concentrate is highly recommended for drain lines and grease trap treatment and maintenance in restaurants and food plants. USDA approved.

BIO LIFT STATION MAINTAINER

ALL NATURAL

This highly specialized product is formulated to be a fast breaking emulsification system possessing degreasing and detergent properties which cleans the vertical surfaces of lift stations, wet wells, and similar treatment facilities. The product is added directly to lift station wet wells in its concentrated form for effortless cleaning. Cleaning and degreasing is accomplished by the rise and fall of the water level. As the water fluctuates, the cleaner removes the debris from the sides of the wet well. A secondary property of this unique citrus product is its ability to 'seal' or contain offensive odors which emit from the lift station.

CAUSTIC CLEANER

CONCENTRATED COMPOUND

This product is a concentrated compound that was developed for use in food plants, dairies, poultry processing and bottling facilities as well as other industrial applications requiring a caustic cleaner. Caustic Cleaner is a low-foam detergent that cleans and rinses freely. For use on ferrous metals only. USDA approved.

DEGREASER (WITH ENZYMES)

BIOREMEDIATION ENZYMES

This product is a non-emulsifiable degreaser containing bioremediation enzymes. It cleans by dispersion, breaking the oil down into micro particles so it can be washed away. These micro particles immediately float the oil and debris back to the surface for removal from the wastewater. The enzymes actually consume the greases and oils during the cleaning process and continue to work long after the waste oil and greases are discarded. It is 100% biodegradable, water-soluble and contains no hazardous ingredients. USDA approved.

DISINFECTANT/SANITIZER

BACTERICIDE AND VIRUCIDE

This liquid quaternary germicidal is specially designed for restaurants, food processing plants, meat departments, bakeries, hospitals, dairies, bars and institutions where disinfection, sanitization and deodorization are primary concerns. Formulated to disinfect pre-cleaned, inanimate, hard surfaces such as walls, floors, sink tops, tables and chairs. Disinfectant/Sanitizer can be used as a rinse on floors, walls, food, tables, etc. USDA approved.

DRAIN OPENER LIQUID

VERY CONCENTRATED LIQUID

This product keeps toilets, urinals, grease traps, septic tanks, cesspools, pipes and drains running free and clean. It is a concentrated liquid, powerful enough to dissolve sanitary napkins, cloth, grease, hair, tea bags, peelings, cigarette filters, cellulose and floor cleaning agents. Drain Opener Liquid contains special inhibitors to protect metal and plastic pipes. Packaged in quarts, 12 per case.

DRAIN OPENER POWDER

POWDERED SEWER SOLVENT

This product's combination of chemical and metallic chips reacts with water to create considerable heat and agitation. Readily dissolves greasy deposits, hair, vegetables and other materials containing a high percentage of cellulose that blocks normal water flow in sewer systems, grease traps, septic systems, and industrial drains. Particularly effective for systems in food processing and meat packing plants where accumulation of organic matter tends to clog drainage facilities and produce strong unpleasant odors.

FAT FRYER CLEANER

EMULSIFIES BAKED-ON GREASE

This product breaks down food residues, while it emulsifies heavy, baked-on grease and oil deposits. It quickly removes even weeks of heavy buildup of grease and oil. Baked on food and grease in deep fat fryers can contaminate expensive cooking oils. Use Fat Fryer Cleaner to cut down labor costs of hand scrubbing and to extend the life of cooking oils. USDA approved.

FOAMING CAUSTIC CLEANER

HIGH FOAMING ALKALINE LIQUID

This concentrated alkali was developed for use in food plants, dairies, poultry processing and bottling facilities as well as for any industrial application requiring a caustic cleaner. Contains Sodium Hydroxide for heavy-duty cleaning. USDA approved.

FOAMING CLEANER

CHLORINATED/ALKALINE LIQUID

Foaming Cleaner is a chlorinated, alkaline liquid cleaner developed specifically to clean protein food soils, blood and greases found in meat, poultry and food processing plants. This product is a very high foaming cleaner and degreaser designed for application through Brody Chemical's Hydro-Foam System. USDA approved.

FOOD GRADE GREASE

HIGH-TEMP POLYMER GREASE

This product with PTFE is a high temperature, polymer grease, engineered specifically for the food processing and packaging industry. It is authorized by the USDA for use in federally inspected meat and poultry plants. It is compounded with EP and anti-wear additives as well as rust and oxidation inhibitors. It possesses good adhesion/cohesion properties and is water insoluble and resistant to water washout. USDA approved.

FOOD GRADE SILICONE

DRY SILICONE FILM

This product was designed for use as a lubricant, release agent, water repellent, protective coating and polish. The dry silicone film is non-flammable, colorless, odorless, non-staining, wax free and heat-stable; unaffected by temperatures ranging from -40° F. to over 392° F. Use on such equipment as ovens, freezers, conveyors, belts and chutes, minimizes clean up time, speeds equipment disassembly, stops sticking and binding, protects equipment and increases production and ends "poly build-up" on surfaces such as mandrels, transfer chutes and guide rails on paper carton machines. Coats hot or cold sealing bars on heat-sealing equipment. Prevents waxes, films, adhesives, and glues from collecting and jamming high speed equipment. Keeps waxed paper and plastic film from sticking and tearing.

FOOD PLANT DEGREASER

ALL SURFACE CLEANER

This non-butyl, heavy-duty cleaner contains special properties allowing for deep penetrating and emulsifying action. These ingredients suspend debris in solution so it is rinsed away rather than re-deposited on cleaned surfaces. Food Plant Degreaser dissolves grease and dirt by positive emulsion; oils, dirt and greases are actually emulsified into the water resulting in more thorough cleaning.

FOOD PROCESS CLEANER

CONCENTRATED DEGREASER

This product is a biodegradable, USDA approved degreaser specially formulated for use in the food processing industry. It is excellent for cleaning grease, smoke stains, and soot from food processing and wrapping equipment. Removes soil and grime from walls and floors of loading and receiving areas. Use on stoves, hoods, ventilating and filtering equipment and fixtures. Food Process Cleaner is very concentrated and can be diluted up to 20:1 with water for greater economy. USDA approved.

FREEZER CLEANER

SUB-FREEZING TEMPERATURES

Freezer Cleaner is designed to clean refrigerated and freezing areas; specifically, areas that do not allow conventional water-based cleaners to function. Because of its low freezing point and excellent solvency and detergency, Freezer Cleaner will clean food, soil, and greases in all low-temperature areas. Use for frozen food lockers, meat, produce, and frozen displays. Very good for cleaning floors and walls. USDA approved.

GRANULAR ODOR CONTROL

GARBAGE DUMPSTERS

Granular Odor Control contains exclusive Metazine odor-destroying additive. This powerful product is formulated to handle even the toughest odors from restaurant, institutional, commercial and municipal waste. This product offers an effective solution to odor problems from trash containers, garbage dumpsters and compactors. USDA approved.

GREASE TRAP SOLVENT

ELIMINATES ODOR AND GREASE

Grease Trap Solvent is a powerful and efficient emulsifying agent designed for liquefying animal fats, garbage grease, grease traps and drain lines for maximum performance. This product maintains these facilities in good operating condition, eliminating odors, overflowing, and unsanitary conditions resulting from poor drainage caused by slime and grease. Non-caustic, harmless to plumbing. Use Grease Trap Solvent for an excellent cleaner and deodorizer for garbage cans, storage areas, and refuse trucks. USDA approved.

HARD SURFACE 40 AEROSOL

ALL-WEATHER FORMULA

Hard Surface 40 Aerosol is a superb all-weather surface and glass cleaner. It is formulated with the same ingredients as a powerful degreaser, yet its penetrating foam is safe to use on windows, counter tops, furniture, tile, marble, porcelain, and car/truck windshields.

HEAVY DUTY CLEANER

SUPER CONCENTRATED

Heavy Duty Cleaner represents the latest technology in concentrated heavy duty cleaning liquids. This fast acting formulation quickly penetrates and emulsifies the toughest industrial and institutional soils. This product is ideally suited for cleaning a wide variety of soil types from most hard durable surfaces without leaving any sticky, filmy residue. Heavy Duty Cleaner is a great choice for use with pressure washers, steam cleaners, floor scrubbers and manual mopping operations.

ICE MACHINE DESCALER

DISSOLVES WATER DEPOSITS

Ice Machine Descaler is a liquid product that cleans and dissolves water scale deposits in ice machines, simplifying the cleaning process. Spray on, allow for minimal contact time, and easily flush water deposits away. This product has been recommended by manufacturers for use on Scotsman, Minitowoe, Sunbeam, Vogt, Howe and other ice-making machines. USDA APPROVED.

ICE MELTER

GENERATES EXOTHERMIC HEAT

This product has over 24 times the melting power of rock salt at 0° F. Tests, conducted at 100% relative humidity and 0° F, showed this product melted an average of 205 grams of ice in just 15 minutes, compared to an average of 8.7 grams melted by rock salt. Ice Melter has 24 times more melting power than rock salt and is effective at melting ice down to -57° F. This product is completely harmless to grass, shrubs, trees, animals and rubber tires. It will not pit or discolor concrete walks or asphalt.

INSTITUTIONAL BLEACH 6%

6% CHLORINE BLEACH

This product is a stabilized liquid Chlorine bleach designed for institutional use.

KITCHEN DEGREASER

INDUSTRIAL STRENGTH

This product is a heavy-duty, water-soluble degreaser. It is safe and effective on all washable surfaces for removing soils such as carbon, creosote, dyes, grease, ink, mildew, oil and wax. This formulation also contains a rust inhibitor to retard corrosion of metals. Fireproof, acid-free and gives off no dangerous fumes. Kitchen Degreaser is very concentrated and can be diluted up to 20:1 with water for greater economy. An excellent all-around cleaner for restaurants, food service areas and processing plants. USDA approved.

LEMON ZEST

NEUTRAL CLEANER

This product is a highly active concentrate neutral pH cleaner that is extremely effective on most high-gloss floor finishes and is considered to be safe for normal usage. Recommended for used on sealed wood floors..

LIFT STATION MAINTAINER

FLOATS ON TOP

This highly specialized product is a fast breaking, emulsification system containing degreasing and detergent properties to clean the vertical surfaces of lift stations, wet wells, and similar treatment facilities. Add Lift Station Maintainer, in its concentrated form, directly to wet wells for effortless cleaning. As the water fluctuates, the cleaner removes the debris from the sides of the wet well. A secondary property of this unique citrus product is its ability to 'seal' or contain offensive odors that emit from the lift station.

LIQUID HAND SOAP

PLEASANT FRAGRANCE

This product is formulated with 100% natural ingredients and scrubbing agents that will not dry out or crack skin. Special emulsifiers quickly cut through the ground-in dirt and grime and hold them in suspension until rinsed with water. Leaves hands soft and supple.

LIQUID LIVE BACTERIA

INSTANT ODOR CONTROL

Liquid Live Bacteria, convenient liquid form of living bacterial suspension, promotes the decomposition of organic matter, grease, fats, carbohydrates, and sewer wastes without the use of harmful acids, alkalis or solvents. This product is recommended for use in drain lines, grease traps, bathrooms, urinals and septic tanks. Use Liquid Live Bacteria as a regular maintenance product to keep waste matter in a free flowing liquid and to reduce the occurrence of odors. USDA approved.

OVEN CLEANER

HEAVY-DUTY FORMULA

This product was developed to clean and degrease areas where food is prepared, consumed or handled. Oven Cleaner is non-flammable, biodegradable, noncorrosive and non-toxic in diluted form. It contains a special rust inhibitor for protection of iron and steel. Oven Cleaner removes all soil types, by chemically emulsifying and dissolving grease, grime, carbon and dirt. This product is unique because it will remove carbon, grease, grime, dirt, candy and coffee stains, fruit and food stains, liquor, lipstick, milk, oil, rust, soap scum, syrup, tea, tobacco, wine, etc. USDA approved.

OVEN CLEANER AEROSOL

HEAVY-DUTY FORMULA

Oven Cleaner Aerosol's heavy-duty formula cleans fast and effectively in both warm and cold ovens. Works equally well on pots, pans, french fry baskets, rotisseries, outdoor grills, and cleans stainless steel to a bright new luster. This aerosol is convenient, easy to use and excellent for quick cleanup in all restaurants and other areas where food is prepared.

OVEN AND GRILL CLEANER (PINK FURY) REMOVES BAKED ON FOOD

This product was developed to clean and degrease areas where food is prepared, consumed or handled. Oven Cleaner is non-flammable, biodegradable, noncorrosive and non-toxic in diluted form. It contains a special rust inhibitor for protection of iron and steel. Oven Cleaner removes all soil types, by chemically emulsifying and dissolving grease, grime, carbon and dirt. This product is unique because it will remove carbon, grease, grime, dirt, candy and coffee stains, fruit and food stains, liquor, lipstick, milk, oil, rust, soap scum, syrup, tea, tobacco, wine, etc. USDA approved.

RESIDUAL INSECTICIDE AEROSOL

CHERRY FRAGRANCE

Residual Insecticide is the most effective method of controlling infestations of ants, brown dog ticks, fleas, carpet beetles, chiggers, crickets, flying moths, mosquitoes, roaches, silverfish, spiders and other resistant insects. The exclusive dual action nozzle permits the choice of a broad spray pattern for baseboard use plus a narrow stream for crack and crevice treatment. The residual killing action continues for weeks after original application. Pleasant cherry fragrance.

SANITIZING HAND GEL

MEETS OSHA STANDARDS

Sanitizing Hand Gel has been developed to meet OSHA standards for bloodborne pathogens. It is used to sanitize between hand washings in areas where blood contamination is possible such as hospitals, nursing homes, care centers, emergency rooms, ambulances, police vehicles, jails, etc. It is also recommended to be used in all food processing and food service areas such as packing plants, dairy farmers, restaurants, etc. USDA approved.

SMOKEHOUSE CLEANER

HIGH FOAMING LIQUID

This is a heavy-duty, self-foaming cleaner formulated to clean smokehouse surfaces without the need to add a foam booster. It is composed of caustic detergents, water softening agents, soil suspending ingredients and foam stabilizers. Smokehouse Cleaner rapidly removes heavy accumulations of grease, oils and carbonized soils from all smokehouse surfaces. Its foaming ability allows product to cling for effective contact time. USDA approved.

STAINLESS POLISH AEROSOL

LEAVES A BRILLIANT SHINE

Stainless Polish Aerosol has been formulated to clean and polish all types of stainless steel without leaving a greasy film. This convenient aerosol produces light foam that clings to vertical surfaces, soaks and penetrates dirt, grease, fingerprints, etc. With minimum wiping, the stainless steel surface will have a brilliant shine. Stainless Polish is an excellent product for all stainless steel in food service areas. USDA approved.

ABOUT BRODY CHEMICAL

Brody Chemical sells and provides service to over 50,000 customers in a variety of industries including manufacturing, industrial, mining, automotive, institutional, hospitality, trucking, food and beverage, agricultural, and medical. Brody Chemical's sales representatives are trained to offer technical assistance and recommendations in selecting solutions and cleaning processes that best meet the needs of clients.

6125 WEST DOUBLE EAGLE CIRCLE, SALT LAKE CITY, UTAH 84118
