

INDUSTRIAL

BRODY
CHEMICAL

WELCOME TO BRODY CHEMICAL

Brody Chemical began operations in Salt Lake City, Utah in 1975. Since then, the company has grown from a small local company to one that provides superior products and services to over half of the United States. Brody's success is attributed to its commitment to create innovative and highly effective products—manufactured under strict quality control standards, a responsive technical support team, and a professional, well-trained, service-driven sales force. Brody Chemical's comprehensive product line boasts over 600 different formulations of sanitation, institutional, industrial and maintenance chemicals for professional use. Reducing the risks associated with chemical usage and disposal, avoiding depletion of the Earth's natural resources, and enhancing the safety and work environment for clients are core values of Brody Chemical.

ACID REPLACEMENT CLEANER REMOVES CALCIUM DEPOSITS

Acid Replacement Cleaner is a very powerful cleaning product that is completely safe and easy to use. This product replaces acids and acid blend cleaners to take care of a large variety of cleaning and maintenance problems. It is acid free, 100% biodegradable, non-toxic, safe, for the environment, non-corrosive, non-flammable and user friendly. Removes calcium deposits, soap scum, lime build-up, mildew, grease and other difficult soils.

ACRYLIC URETHANE SEALER WATER-BASED RESIN

Acrylic Urethane Sealer is a water-borne, heavy-duty seal and finish, manufactured for use on interior concrete floors. It is based on a unique, urethane fortified, thermoplastic resin. Acrylic Urethane Sealer provides a level of durability and resistance previously unattainable in an aqueous seal. This product applies easily and dries to recoat in an hour or less under normal conditions.

ADHESIVE SPRAY AEROSOL TEMPORARY OR PERMANENT

For temporary or permanent bonding of materials. It will bond urethane foams, foam rubber, leather, paper, cardboard, cloth, Mylar, foil acetate sheets, glass and certain plastics. An excellent gasket adhesive for fast, easy installation of any type of gasket on vehicles and pumps. Clear drying, fast setting, waterproof and flexible.

AIRCRAFT CLEANER REDUCE MAINTENANCE COST

The only aircraft detergent with positive emulsion—an emulsion so strong, oil will not redeposit (will not settle on the surface before the job is finished), thus leaving a full finish after washing. It cuts through exterior grime without dulling the finish. The patented technology of Aircraft Cleaner brings efficiency and economy to the cleaning of aircraft, buses, trains and other fleet vehicles. Approved by Boeing and the U.S. Military.

ALUMINUM SPRAYCAB NO-FOAM COMPOUND

This non-foaming, spray washer compound is designed for all non-ferrous metals, aluminum and other “soft” metals. This product reduces cleaning and changing of spraycab solution. It contains a special rust inhibitor to protect parts and equipment and may be used in hot vats or re-circulating spray wash units. This very concentrated compound requires only ½ pound per gallon of water.

ASPHALT RELEASE (SLIDE OUT) ORGANIC LUBRICANTS

Brody Chemical’s Slide Out (Asphalt Release) is a product specifically developed for the asphalt industry. It is a blend of natural, completely biodegradable products that, when combined in a specially designed formula, works. It works extraordinarily well to prevent asphalt or any tar based product from sticking to metal. Slide Out contains no VOC’s (volatile organic compounds).

AUTOMATIC SCRUBBER

CONTROLLED SUDS CLEANER

This non-butyl, heavy-duty cleaner contains special properties, allowing for deep penetrating and emulsifying action. These ingredients suspend debris in solution so it is rinsed away rather than being redeposited on cleaned surfaces.

Automatic Scrubber dissolves grease and dirt by positive emulsion; oils, dirt and greases are actually emulsified into the water, resulting in more thorough cleaning and no “ring-around the wash tank.”

BIO-DEGREASER

100% BIODEGRADABLE

Bio-Degreaser is an organic blend of biodegradable degreasers, surfactants, wetting agents and emulsifiers. This product can be used to dissolve grease, asphalt, tar and other stubborn soils. Bio-Degreaser cleans better than diesel fuel or other petroleum distillates and is 100% biodegradable. This product has been formulated with used animal fats, grease and cooking oils. Environmentally safe.

BMF ASPHALT RELEASE AGENT

ASPHALT RELEASE AGENT

This product is specifically developed for the asphalt industry. It is a blend of natural, completely biodegradable products that when combined in a specially designed formula, works extraordinarily well to prevent asphalt or tar product from sticking to metal. This product contains no VOC'S. Use on transportation vehicles such as dump trucks, dump trailers, flow-boys, live bottom trailers, and hopper trailers. This product may be used on paving equipment such as Rubber Tire Rollers, Pavers and Material Transfer Devices such as the Roadtec (MTV-1000C, SB-1500C, SB-2500B, SB2500C), Blaw-Knox MC-330, Cedarrapids, Mat Smoothness Machines (MS-2, MS-3 and MS-4) and CR662RM roadmix machine and the CAT BG-650B Windrow Elevator spreaders.

CHAIN AND CABLE LUBE AEROSOL

CONTAINS MOLY AND PTFE

This product is an outstanding, full-service, multiple application, chain and cable lubricant. Fortified with both molybdenum disulfide and PTFE, this formula provides superior lubricity, protection and longevity. Use this product on chains, cables, wire ropes, sprockets, drive chains, hoist chains, drag chains, and conveyor chains to prevent metal-to-metal contact and reduce friction, heat, stress, and wear during operation.

CITRA SAFE

TWO-STEP SYSTEM

Our product is a synergistic blend of surfactants, emulsifying agents, chelating agents and acids. This product is designed for fast and effective removal of road film, oxidation and corrosion from aluminum, stainless steel, brass, steel, copper and painted surfaces. Without the use of Hydrofluoric Acid this product requires no scrubbing, buffing or polishing - quick chemical action penetrates and removes road film, calcium (water) deposits and diesel smoke deposits from aluminum trailers, trucks and cars in just 2-3 minutes. Apply this product with acid proof equipment. Do not allow solution to dry on surface. This product should be used as the first step of a 2-step system.

CITRUS CLEANER

ECONOMICAL DEGREASER

This product is a heavy-duty, water-soluble, citrus-based cleaner and degreaser. It is safe and effective on all washable surfaces. Citrus Cleaner is ideal for removing soils such as grease, ink, mildew, oil and wax. It also contains a rust inhibitor to retard corrosion of metals. It is non-combustible, contains no hazardous ingredients, and gives off no dangerous fumes. This product is a true deodorizing cleaner and is an excellent choice for tires, floors, carpets, upholstery and shop tools.

CITRUS DEGREASER

ENVIRONMENTALLY SAFE

Ideal uses for this product include degreasing concrete floors, equipment, trucks, motors and metal surfaces. This product will remove most resins, adhesives, printing inks, decals, rubber tire marks, tar, asphalt and any other soils that can be removed by conventional solvent-based degreasers. This natural, citrus-based degreaser is excellent for taking Cosmoline off new car bumpers.

CITRUS DEGREASER SUPER

EXTRA STRENGTH

Citrus Degreaser Super was specifically formulated to meet and exceed today's most demanding tests for efficiency and safety. This product, formulated with powerful, citrus-based degreasers and deodorizers instantly emulsifies grease, oils, printing inks (including ultraviolet ink), decals, adhesives, rubber tire marks, tar and asphalt. It is environmentally safe and 100% biodegradable.

CITRUS SPRAYCAB

ALUMINUM SAFE

This product was developed for use in spray cabinets equipped with skimmer systems to remove contaminated oils, carbons and greases. It contains strong degreasers, emulsifiers, chelating agents, and a surfactant, which causes waste oil and debris to float to the surface of the cleaning solution for easy removal. This non-foaming compound is safe for all non-ferrous metals and aluminum, and contains a rust inhibitor to prevent flash rusting. It is very concentrated, requiring only ½ pound per gallon of water. Pleasant citrus fragrance.

CLEAR MAGIC

LUBRICATING RELEASE AGENT

This product is a neutral pH, non-toxic, all-purpose synthetic liquid. It is 100% biodegradable and is safe on all surfaces not harmed by water. This concentrated blend is a clear, thick, very effective anti-slip flow agent. It is an excellent product for any application where sticking is a problem.

COIL CLEANER

CONSERVES ENERGY

Coil Cleaner is formulated for extra, heavy-duty cleaning and contains self-rinsing properties. Its high soil-suspending qualities allow dirt to rinse off freely, whether it is flushed off or falls off with the condensate water. Coil Cleaner is solvent free, non-flammable and effective in water with up to 500 ppm hardness. It is noncorrosive to most metals and will not harm painted surfaces. This product is 100% biodegradable.

COIL CLEANER AEROSOL

HIGH PRESSURE

This high performance product offers maximum cleaning and degreasing. Coil Cleaner's high solvency formula quickly and easily liquefies dirt, grease, oil and other residues while the blasting nozzle powerfully separates undesirable materials from the surface. This product is super-fast evaporating and normally requires little or no wiping or post-use clean up.

CONCRETE CLEANER **PINE, CITRUS AND SUPER STRENGTH**

This compound is a formulation of fast-acting detergents, grease cutters, wetting agents and emulsifiers blended with soap regenerators that keep it working longer for more effective cleaning. It does an excellent job without leaving any film or residue to recollect dirt, grease or grime. Concrete Cleaner contains a powerful surfactant that combines oil and water into an emulsification solution. Available in Pine, Citrus and Super Strength formulations.

CONCRETE FORM RELEASE **PREVENTS STICKING**

Concrete Form Release is a proprietary combination of solvent and water repellent silicones designed to reduce adhesion of wet cement to metal and wood forms, metal frames, plate glass, and concrete equipment, tools and trucks. This formulation chemically reacts with the alkali in the concrete to produce a concrete repellent coating.

CONCRETE TRUCK CLEANER SUPER SAFE HIGH-FOAMING ACID

This product is a highly concentrated, acid detergent formulated for the removal of hardened cement from handling equipment such as bulk cement haulers, Redi-mix equipment, cement mixers and other tools and machinery throughout cement manufacturing plants. Concrete Remover II contains a high-foaming surfactant allowing this product to be foamed onto the cement truck, lengthening contact time and avoiding atomization. It contains an inhibitor system to reduce the acid attack of metals.

CONCRETE SEALER **SEALS, HARDENS AND DUST PROOFS**

This product is a revolutionary sealer made of acrylic resins, which are resistant to sunlight (they will not yellow outside), oil and most chemical fumes. It also provides hard, sealed protection of concrete from most solvents and acids. It may be used on freshly laid concrete (it aids in curing) or terrazzo, as soon as surface is dry. Concrete Sealer may also be applied to old concrete and terrazzo surfaces. Leaves a shiny, high-gloss finish.

CONCRETE TRUCK CLEANER **SAFE, FOAMING ACID**

This product is a highly concentrated, acid detergent formulated for the removal of hardened cement from handling equipment in the concrete industry. Because it is concentrated, it can be diluted with up to 4 parts water for typical jobs. On heavy build-up, dilute 2:1 with water, apply, allow contact time until concrete is loosened, scrub off and rinse thoroughly with clean water. For extreme conditions, this product may be used straight.

CONTACT CLEANER AEROSOL **ELECTRONIC AND MECHANICAL**

This product cleans electronic and mechanical contact points in seconds. It will not harm plastics or rubber, has a 32,000-volt dielectric and dries residue free. Cleans oil, grease, dirt and moisture from teletype machines, office machines, telephone equipment, circuit breakers, relays, switches, precision tools and coin mechanisms on beverage and food machines, etc.

D-LIMONENE

PURE CITRUS OIL

A product developed by “Mother Nature” to naturally clean and degrease. It is made from pure natural citrus oils extracted from the peels of oranges. This formulation will instantly emulsify grease, oils, and protein fats without the use of harsh acids, alkalis or petroleum distillates. It is a natural deodorizer, eliminating bad odors. D-Limonene is 100% biodegradable.

DEGREASER (WITH ENZYMES) CONTAINS BIOREMEDIATION ENZYMES

This product is a non-emulsifiable degreaser containing bioremediation enzymes. It cleans by dispersion, breaking the oil down into micro particles so it can be washed away. These micro particles immediately float the oil and debris back to the surface for removal from the wastewater. The enzymes actually consume the greases and oils during the cleaning process and continue to work long after the waste oil and greases are discarded. It is 100% biodegradable, water-soluble and contains no hazardous ingredients.

DESCALER

REMOVES MINERAL DEPOSITS

This product is an economical, safe and easy way to remove rust, corrosion, scale and water deposits from almost all surfaces. It keeps fumes to a minimum and is harmless to most paints and finishes. Descaler acts quickly to penetrate and lift away scum and water deposits. It is a chemical combination of deep penetrating detergents and safe, easy-to-use, mild acids. It will dissolve carbonates and other hard water scales, such as iron, rust and magnesium.

DRY MOLY LUBRICANT

STABLE AT EXTREME TEMPERATURES

Dry Moly Lubricant is a molybdenum disulfide formulation, which dries to a hard, black coating very quickly. It adheres to many substrates, especially metal, with minimal surface preparation. It resists wear and abrasion, provides high-lubricity, gives excellent high-pressure properties and is stable at extreme temperatures. Typical applications are chain lubricating, gasket coating, and furnace, kiln, oven and conveyor maintenance. Also useful as an anti-seize and mold release.

DYNAMITE DEGREASER

WORKS LIKE MAGIC

This concentrated complex biodegradable water-based formula is ideal for any type of super heavy duty industrial cleaning. It rapidly removes a wide variety of heavily accumulated grease, grime, road film, and other carbonaceous soils like no other product on the market. This product can be heavily diluted with water and is ideal for use with pressure washers, automatic floor scrubbing machines, manual mopping operations, or simply presprayed and rinsed off. It can also be used for truck, trailer, aircraft and other heavy equipment cleaning.

EASY GREEN

ENVIRONMENTALLY FRIENDLY

This product is concentrated for tough jobs or can be diluted for various cleaning tasks. Easy Green is a 100% biodegradable and environmentally friendly. It can be used on all washable surfaces.

ELECTRICAL DEGREASER

NON-TRICHLOR III

This product is a combination of four different solvents that react together to form a “synergistic” cleaning solvent that removes grease, oil, dirt and grime from metal parts, machinery, electric components, motors, etc. It was designed to replace toxic carbon tetrachloride as an industrial cleaning solvent. It has no flash point up to boiling (173° F). Electrical Degreaser’s non-toxic solvents and slower drying action give a deep, thorough cleaning to all surfaces.

FORMULA 60

BETTER THAN FORMULA 50

This product is a water-based, heavy duty, all-purpose cleaner and degreaser that can be used on a wide variety of surfaces. This 100% biodegradable product contains a blend of synthetic detergents that rapidly removes dirt, grease, and grime without the use of caustics, phosphates, acids or solvents.

FLOOR CLEANER

ALL-PURPOSE DEGREASER

This product is a concentrated blend of water, soluble solvents, penetrants, wetting agents and 100% synthetic detergents. It is one of the few cleaning solvents that attacks the water-soluble molecular structures of oil films, greases, gum and varnish residues without damaging the surface itself. Good for use in restaurants, bakeries, meat and poultry processors, bottling plants, etc. Use to clean stoves, hoods, ventilating and air filtering systems, floors, walls and fixtures.

GOLD GREASE AEROSOL

GOLD GREASE LUBRICANT

This product is a unique formulation of superior quality industrial lubricants in a convenient aerosol form. This state-of-the-art product is designed for extreme or heavy-duty applications and offers superior lubrication under varying temperatures.

HAND CLEANER (BLUE PUMICE)

INDUSTRIAL STRENGTH

This is an essential hand cleaner for the automotive industry. It is ideal for removing printers' ink, heavy grease, encrusted grime, oil, embedded paint and many other stains. This formula contains the finest, mildly abrasive pumice to loosen and dissolve embedded soils. It also contains skin conditioners to protect hands from drying, cracking and chapping. Hand Cleaner Blue Pumice is Brody Chemical's best selling hand cleaner to automotive and trucking companies.

HAND CLEANER (CHERRY PUMICE)

PINK GEL

An essential hand cleaner for those hands that are really dirty. Ideal for removing printers ink, heavy grease, encrusted grime, soil, embedded paint, and many other stains, floating it away from the pores. Contains skin conditioners to protect hands from drying, cracking and chapping, leaving a soothing and protecting film of lotion which keeps your hands from feeling raw or dry from over scrubbing. Contains a blend of the highest quality surface cleaners combined with the finest mild abrasive pumice to help loosen and lift embedded soil. Has an excellent fragrance.

HAND CLEANER (CITRUS PUMICE)

MILD ABRASIVE

This is an essential hand cleaner for the automotive industry; ideal for removing printers' ink, heavy grease, encrusted grime, oil, embedded paint and many other stains. This formula contains a blend of the highest quality surface cleaners and orange peel oils combined with the finest, mildly abrasive pumice. It also contains skin conditioners to protect hands from drying, cracking and chapping.

HAND CLEANER (NATURAL SCRUBBERS) EMOLLIENT ENRICHED

Our product uses advanced cleaning technology with natural scrubbers to quickly remove all types of grease, oil, paint and other soil from hands through its unique cleaning action. This product penetrates deep into the skin to loosen ground-in grime and floats it to the surface where it can be washed off with water or wiped off with a paper towel.

HAND CLEANER (WATERLESS)

CONVENIENT TUBES

This product is a convenient way to keep hands clean out in the field where water is not available. Simply apply a little to the palm of your hand and rub briskly or wipe off with a rag or towel.

HAND CLEANER SCRUBS

PORTABLE BUCKET

Hand Cleaner Scrubs offer fast and effective hand cleaning in a convenient portable bucket. Each dispensing canister contains 72 each, 10 ½ x 12 ¼ perforated, high-strength, absorbent cleaning towels, treated with a gentle-to skin but effective heavy-duty, grease-cutting and soil-lifting formulation. For use on the toughest soils, greases, tar, graphite and even printers' ink.

HARD SURFACE 40 AEROSOL

ALL-WEATHER FORMULA

Hard Surface 40 Aerosol is a superb, all-weather, surface and glass cleaner. It is formulated with the same ingredients as a powerful degreaser, yet its penetrating foam is safe to use on windows, counter tops, furniture, tile, marble, porcelain, and car/truck windshields. Great for windows and automotive glass in cold temperatures.

HEAVY DUTY CLEANER

SUPER CONCENTRATED

Heavy Duty Cleaner represents the latest technology in concentrated heavy-duty cleaning liquids. This fast acting formulation quickly penetrates and emulsifies the toughest industrial and institutional soils. This product is ideally suited for cleaning a wide variety of soil types from most hard, durable surfaces without leaving any sticky, filmy residue. Heavy Duty Cleaner is a great choice for use with pressure washers, steam cleaners, floor scrubbers and manual mopping operations.

HIGH FLASH DEGREASER

NEW CITRUS FORMULATION

A product developed by Mother Nature to naturally degrease and clean. This formulation contains natural citrus solvent extracted from the peels of oranges. This extract is non-flammable, non-conductive and biodegradable, yet possesses terrific solvency and grease dispersion. This product does not contain any toxic or hazardous wastes.

HOT TANK CLEANER

FERROUS METALS ONLY

This product is an industrial-strength hot-tank cleaning solution containing a special rust inhibitor to protect the metals after cleaning. Recommended for removing rust, paint, grease and carbon deposits from engine blocks, motor parts, bars, castings, coils, conveyor hooks, pipe fittings, salvaged steel, radiators, etc. Very concentrated. Requires only 1/4 pound per gallon of solution.

ICE BEATER

SNOW AND ICE MELTER

Ice Beater is a unique blend of ice melting agents, including exothermic pellets. These ingredients combine to produce a safe, efficient and cost-effective ice melting product at temperatures ranging from 32° F down to -5° F. Through a chemical reaction the exothermic pellets give off heat which enables this formulation to work much faster than other sodium-chloride-based snow and ice melters. Available in bags or containers of 10, 20, 50, 100, 500 and 2,000 poun-

ds.

ICE MACHINE DESCALER

DISSOLVES WATER DEPOSITS

Ice Machine Descaler is a liquid product that cleans and dissolves water scale deposits in ice machines, simplifying the cleaning process. Spray it on and allow for minimal contact time to easily flush water deposits away. This product has been recommended by manufacturers for use on Scotsman, Minitowoe, Sunbeam, Vogt, Howe and other ice making machines. USDA APPROVED.

ICE MELTER

GENERATES EXOTHERMIC HEAT

This product has over 24 times the melting power of rock salt at 0° F. Tests conducted at 100% relative humidity and 0° F, showed that this product melted an average of 205 grams of ice in just 15 minutes, compared to an average of 8.7 grams melted by rock salt. Ice Melter has 24 times more melting power than rock salt and is effective at melting ice down to -57° F. This product is completely harmless to grass, shrubs, trees, animals and rubber tires. It will not pit or discolor concrete walks or asphalt.

INDUSTRIAL DEGREASER

WATER-SOLUBLE SOLVENT

This product is a heavy-duty, water-soluble degreaser. It is safe and effective on all washable surfaces for removing soils such as carbon, creosote, dyes, grease, ink, mildew, oil and wax. The formulation also contains a rust inhibitor to retard corrosion of metals. Fireproof, acid free and gives off no dangerous fumes. Industrial Degreaser is very concentrated and can be diluted up to 20:1 with water for greater economy.

KICK ACID CONCRETE TRUCK CLEANER

NON-ACID

Kick Acid Concrete Truck Cleaner is a new chemical formula that cleans like an acid with the safety of a dish soap. This product is a liquid acid alternative with no odors or fumes. It attacks the Portland in cement, completely dissolving the hardened cement to a mushy substance that will completely rinse off with high pressure and cold water. Kick Acid Concrete Truck Cleaner is non-corrosive, non-fuming, 100% biodegradable and non-hazardous to equipment. It contains no sulfuric acid, muriatic acid, hydrochloric acid or phosphoric acid.

LIQUID STEAM CLEANER

SAFE ON FERROUS METALS

This heavy-duty, steam cleaner and pressure-washer detergent is excellent for cleaning automotive equipment, bay floors and walls, garbage trucks, large machinery and aluminum siding. It effectively penetrates oils and greases, making it a great concrete cleaner as well. Special ingredients prevent scale build-up in steam cleaners. This concentrated liquid is very economical because it can be sulfuric acid, muriatic acid, hydrochloric acid or phosphoric acid. diluted with water up to 80:1.

METAL SAFE PRESSURE WASH

POWERFUL DEGREASER

This, metal safe, concentrated blend contains organic surfactants and inorganic detergents, combined with special degreasing power of butyl and caustic builders. It strips away animal fats, vegetable oils, grime and carbonized deposits as well as petroleum greases and oils. This ultra heavy duty concentrate is ideal for use in commercial equipment cleaning where degreasing synthetic greases and oils is a must.

MOLY/PTFE LUBRICANT AEROSOL

SPRAY ON LUBRICANT

MOLY/PTFE Lubricant Aerosol is designed for use on automotive, marine, farm, electrical and mechanical equipment. This product lubricates, cleans, penetrates and stops corrosion on metal. With the addition of both PTFE and molybdenum disulfide, this formulation displaces moisture, provides excellent lubrication, eliminating squeaks and binds, and reduces maintenance time. The film never hardens.

NON-BUTYL DEGREASER

SCIENTIFIC BREAKTHROUGH

Non-Butyl Degreaser is the result of a technological breakthrough. This nonbutyl formulation is so unique it is actually patented. This remarkable degreaser removes greasy, oily dirt better than butyl cellosolve and it is safe to use. Unlike butyl formulations, this product emulsifies oil and grease for complete removal. This concentrated degreaser is an excellent choice for the automotive and large equipment industries.

ORANGE SOLVENT

BIODEGRADABLE DEGREASER

Ideal uses for this product include degreasing concrete floors, equipment, trucks, motors, and metal surfaces. This product will remove most resins, adhesives, printing inks, decals, rubber tire marks, tar and asphalt and most soils removed by conventional solvent-based degreasers. This natural solvent is an effective drain cleaner, deodorizer and maintainer. Orange Solvent is an excellent product for removing Cosmoline and tar from automobiles.

ORANGE SOLVENT AEROSOL

SUPER DEGREASER

This multi-purpose aerosol instantly emulsifies grease, oils and fats without the use of harsh acids, alkalis or petroleum solvents. Ideal uses for this product include degreasing equipment, trucks, motors and metal surfaces. This convenient product will remove most resins, adhesives, printing inks, decals, rubber tire marks, tar, asphalt and other tough soils conventionally requiring a solvent-based degreaser. Orange Solvent Aerosol easily removes Cosmoline from new car bumpers.

PAINT REMOVER AEROSOL

REMOVES DECALS, GASKETS, PAINT

This unique aerosol is fast-acting in the removal of decals, gaskets, contact cement and quickly strips paint and varnish. Paint Remover Aerosol contains a higher percentage of methylene chloride than competitive products. This product is applied as a thick gel that clings to vertical surfaces or overhead areas without running off. Being solvent based, it can safely be used on wood without raising the grain. Use in body shops, maintenance shops and furniture repair.

PARTS WASHER SOLVENT

NON-FLAMMABLE

Parts Washer Solvent is an excellent cleaner and degreaser specifically designed for use in parts washers and dip tanks. It is a great light-duty cleaner for fuel pumps, carburetors, filters, master cylinders, valve covers, rocker arms and all engine parts. This product is safe for use on all metals and leaves a light, protective film, protecting against rusting and corrosion. Flash point is above 145° F; it is considered non-hazardous.

PENETRATING LUBRICANT AEROSOL LOOSENS RUSTED BOLTS

A superior lubricant formulated to loosen, clean and lubricate frozen nuts, bolts and moving parts. This non-flammable, penetrating lubricant prevents corrosion, saving repair and maintenance time. It is ideally suited for refrigeration equipment, automobiles, workshops, industrial equipment, mechanics, oil rigs, etc. This convenient aerosol comes with an extension tube for hard-to-reach areas.

PENETRATING OIL LOOSENS RUSTED BOLTS

A superior, liquid lubricant formulated to loosen, clean and lubricate frozen nuts, bolts and moving parts. This non-flammable, penetrating lubricant prevents corrosion, saving repair and maintenance time. It is ideally suited for refrigeration equipment, automobiles, workshops, industrial equipment, mechanics, oil rigs, etc. Penetrating Oil comes in bulk for extra large jobs.

POLAR ICE MELT BREAKS THE ICE BARRIER

This unique ice melt formula provides a faster, safer, more effective method of melting snow and ice in temperatures ranging from 32° F. down to 5° F. Polar Ice Melt contains special inhibitors to prevent damage to vegetation and concrete. It also contains an anti-caking agent, which extends shelf life and allows for freeflow uniform spreading. It is colored light blue for easy monitoring of application. Available in bags or containers of 10, 20, 50, 100, 500 and 2,000 pounds.

PORTACHEMICAL MAINTAINS PORTABLE TOILETS

This product is a highly concentrated, portable toilet chemical deodorizer recommended for use on commercial bus lines, boats, houseboats, airplane and motor homes. It is also excellent for maintaining and deodorizing all types of vault toilets and portable outdoor toilets. Its pleasant fragrance continues to control unpleasant waste odors long after other deodorants quit working. Does not contain formaldehyde.

RECONDITIONING CRÈME HEALS DERMATITIS

This super aloe Reconditioning Crème was specifically formulated for dry skin caused by overexposure to the sun, wind, and severe outdoor climates. This formula contains 50% more Aloe Vera Gel, Jojoba Oil, and precious Mink Oil than any other products on the market. This extra strength formula protects and heals peeling, flaking, and dry skin. It provides soothing relief to people who suffer from the pain of dermatitis.

RUST INHIBITOR RUST PREVENTATIVE

This product is a blend of selected inorganic and organic rust preventatives, coupled with a special micro crystalline wax that offers outstanding rust protection. Rust Inhibitor produces a firm, wax-like coating that is ideal for outdoor, as well as indoor storage. The protective coating is fire resistant and will not crack, peel or chip; even at -10° F. Rust Inhibitor can be applied directly over rust to prevent further corrosion. Spray, dip or brush application.

RUST PREVENTATIVE

PREVENTS FLASH RUSTING

This combination of organic and inorganic rust preventatives protect against flash rusting. Rust Preventative can be applied by either the dip or spray-on method. Great for use on metal surfaces after an alkaline or acidic clean. Unlike Rust Inhibitor, this product does not leave a residual film or coating on the metal so surfaces may be painted, welded or stored without any further processes. Can be diluted with water up to 10:1.

RUST REMOVER

STEEL OR CAST IRON

This product is a unique blend of acids, detergents, and selected activators designed to remove heat treat scale or simple rust from carbon steel, cast iron, or powder metal composite parts. Special penetrants allow for deep penetration to thoroughly remove rust. This product works fastest at elevated temperatures with agitation; however, it will also remove rust at room temperature with sufficient soak time. It is recommended to follow up rust removal with an application of Rust Inhibitor or Rust Preventative.

SAFETY SOLVENT AEROSOL

NON-TRICHLOR III

This special formulation is non-flammable, non-conductive and free of toxic fumes. It rapidly removes dirt, grease, oils and grime from both metallic and non-metallic surfaces. Cleaning is quick and residue free with no damage to working parts. This product can be safely used on electronic equipment, computers, generators and motors, even while running.

SEWER SOLVENT

ODOR AND GREASE CONTROL

This product is a powerful and efficient emulsifying agent designed to liquefy sewage and garbage grease, open leaching beds and drain lines, and clear cesspools, grease traps and septic tanks for maximum performance. Sewer Solvent keeps these facilities operating effectively, which eliminates odors, overflowing and unsanitary conditions resulting from poor draining caused by slime and grease buildup.

SILICONE RELEASE AGENT AEROSOL **STOPS STICKING & SQUEAKING**

This aerosol is a heavy-duty (10,000 centistokes) silicone, which stops binding and squeaking without gumming. It forms a protective, flexible shield on rubber, weather stripping, trunk lids, doors, hoods and automotive window moldings. Under the hood, it keeps battery terminals clean, protects against corrosion and weather-proofs ignition systems, plug insulators and distributor caps. Lubricates door locks and prevents freezing.

SNOW AND ICE MELT

BREAKS THE ICE BARRIER

Brody Chemical Snow and Ice Melt reduces damage to concrete and stone surfaces, when used according to directions. Special inhibitors and anti-caking agents are added to ensure the product is free flowing and will spread at a uniform rate. This product leaves no residue and is non-tracking when applied at the recommended rate. Snow and Ice Melt is a blend of calcium chloride, sodium chloride and sodium silicate, and has been lab-tested to melt ice down to -20° F. Available in bags or containers of 50, 100, 500 and 2000 pounds.

SOLVENT DEGREASER

HEAVY-DUTY DEGREASER

Solvent Degreaser is formulated with a blend of organic solvents, emulsifiers, penetrants, wetting agents and rust and corrosion inhibitors. This product rapidly penetrates through thick layers of accumulated, hardened greases, oils, sludge, grime, dirt, waxes, tar, asphalt and other soils to dissolve, liquefy and break up debris so it may be flushed away with clear water. Solvent Degreaser is excellent for automotive, trucking and industrial applications.

SUPER SOY

NATURAL DEGREASER

A new natural formulation that keeps pace with today's safety and environmental regulations. Powerful natural degreasers and cleaners are specifically blended to outperform the conventional hazardous solvent degreasers. This multi-purpose concentrate instantly emulsifies grease, oils and fat without the use of harsh acids, alkaline or petroleum solvents. The vapors from this product are not considered harmful. This allows for a wide variety of uses indoors as well as out. This is a great alternative to costly orange solvent products.

TAR REMOVER

EMULSIFIES TAR AND ASPHALT

Tar Remover is a very strong, citrus-based detergent developed especially to remove tacky and dried-on tar and asphalt that other products cannot touch. It dissolves thick coats of tar and asphalt from concrete, stone, brick, masonry equipment and vehicles. This product is made from 100% biodegradable, citrus terpenes, making it safe for the environment. Tar Remover is a water-emulsifiable product that can be rinsed easily with high- pressure water.

VANDAL MARK REMOVER AEROSOL REMOVES SECONDARY PAINT

This product is a special blend of cleaners and solvents formulated to remove stubborn marks such as spray paints, marking inks, crayons, lipstick, road tar, stencil inks and other solvent and oil-base stains from horizontal and vertical nonporous surfaces. Use on bus lines, signage, amusement parks, phone booths, bathroom stalls, etc.

WASP AND HORNET SPRAY

KILLS ON CONTACT

This wasp and hornet killer contains a combination of pyrethrins plus synergists, a carbonate type insecticide and special insecticide-base oils. This spray is fast acting when insects are hit directly, and has a special valve to give a broad jet stream of up to 20 feet. Wasp, hornet and yellow jacket nests can be wet thoroughly in seconds. The inclusion of a residual insecticide in the formula continues the killing action (in protected areas) for several weeks after the nests have been sprayed. The product is nonconductive up to 41,000 volts. A nice aerosol to have around when you find yourself "face-to-face" with a hornets nest at the top of a telephone pole or when you need to "attack" a nest without getting too close.

ABOUT BRODY CHEMICAL

Brody Chemical sells and provides service to over 50,000 customers in a variety of industries including manufacturing, industrial, mining, automotive, institutional, hospitality, trucking, food and beverage, agricultural, and medical. Brody Chemical's sales representatives are trained to offer technical assistance and recommendations in selecting solutions and cleaning processes that best meet the needs of clients.
