

AUTOMOTIVE

BRODY
CHEMICAL

A photograph of a car being washed in a car wash. The car is dark-colored and is positioned between two large, rotating brushes. The brushes are made of many thin, colorful bristles in shades of blue, red, and yellow. The background is slightly blurred, showing a yellow sign and other parts of the car wash structure. The overall scene is brightly lit, suggesting an outdoor or well-lit indoor setting.

WELCOME TO BRODY CHEMICAL

Brody Chemical began operations in Salt Lake City, Utah in 1975. Since then, the company has grown from a small local company to one that provides superior products and services to over half of the United States. Brody's success is attributed to its commitment to create innovative and highly effective products—manufactured under strict quality control standards, a responsive technical support team, and a professional, well-trained, service-driven sales force. Brody Chemical's comprehensive product line boasts over 600 different formulations of sanitation, institutional, industrial and maintenance chemicals for professional use. Reducing the risks associated with chemical usage and disposal, avoiding depletion of the Earth's natural resources, and enhancing the safety and work environment for clients are core values of Brody Chemical.

ACRYLIC URETHANE SEALER

WATER-BASED RESIN

Acrylic Urethane Sealer is a water-borne, heavy-duty seal and finish, manufactured for use on interior concrete floors. It is based on a unique, urethane fortified, thermoplastic resin. Acrylic Urethane Sealer provides a level of durability and resistance previously unattainable in an aqueous seal. This product applies easily and dries to recoat in an hour or less under normal conditions.

AIRCRAFT CLEANER

REDUCE MAINTENANCE COST

The only aircraft detergent with positive emulsion—an emulsion so strong, oil will not redeposit (will not settle on the surface before the job is finished), thus leaving a full finish after washing. It cuts through exterior grime without dulling the finish. The patented technology of Aircraft Cleaner brings efficiency and economy to the cleaning of aircraft, buses, trains and other fleet vehicles. Approved by Boeing and the U.S. Military.

ALL PURPOSE CLEANER

SUPER CONCENTRATED

This product is a free rinsing, neutral, non-toxic, all-purpose, synthetic, liquid detergent. It is a concentrated, chemically balanced detergent that first wets the soil by surrounding grease, grime and dirt. Second, it penetrates these soils and breaks them up into small particles. Third, greases and oils are emulsified. Finally, soil suspending ingredients float away dirt and grime, leaving a clean surface.

ALUM-A-BRIGHT

ALUMINUM TRAILER CLEANER

This product is designed for fast and effective removal of oxidation and corrosion from aluminum surfaces, particularly trailers and transportation equipment. This product is highly concentrated and can be diluted up to 40:1. Can be used in either hot or cold water.

ALUMINUM BRIGHTENER 2

HEAVY DUTY TRUCK BRIGHTENER

This product is designed for fast and effective removal of oxidation and corrosion from aluminum surfaces, particularly trailers and transportation equipment. This product also contains anti-corrosion inhibitors.

ALUMINUM SPRAYCAB

NO-FOAM COMPOUND

This non-foaming, spray washer compound is designed for all non-ferrous metals, aluminum and other “soft” metals. This product reduces cleaning and changing of spraycab solution. It contains a special rust inhibitor to protect parts and equipment and may be used in hot vats or re-circulating spray wash units. This very concentrated compound requires only ½ pound per gallon of water.

ASPHALT RELEASE (SLIDE OUT)

ORGANIC LUBRICANTS

Brody Chemical's Slide Out (Asphalt Release) is a product specifically developed for the asphalt industry. It is a blend of natural, completely biodegradable products that, when combined in a specially designed formula, works. It works extraordinarily well to prevent asphalt or any tar based product from sticking to metal. Slide Out contains no VOC's (volatile organic compounds).

AUTOMATIC BRUSH

AUTOMOTIVE CAR WASHES

This product is formulated for brush and cloth automotive car washes. It contains two different acids to remove the hard water deposits that hold the road film to the car surface. It also contains four different surfactants/wetting agents and butyl to remove road film easily. This product is a moderate foaming product with excellent rinse-ability. It provides exceptional lubrication for brushes and is very economical to use. It is also a great choice for hand washing.

AUTOMATIC SCRUBBER

CONTROLLED SUDS CLEANER

This non-butyl, heavy-duty cleaner contains special properties, allowing for deep penetrating and emulsifying action. These ingredients suspend debris in solution so it is rinsed away rather than being redeposited on cleaned surfaces. Automatic Scrubber dissolves grease and dirt by positive emulsion; oils, dirt and greases are actually emulsified into the water, resulting in more thorough cleaning and no "ring-around the wash tank."

BIO-DEGREASER

100% BIODEGRADABLE

Bio-Degreaser is an organic blend of biodegradable degreasers, surfactants, wetting agents and emulsifiers. This product can be used to dissolve grease, asphalt, tar and other stubborn soils. Bio-Degreaser cleans better than diesel fuel or other petroleum distillates and is 100% biodegradable. This product has been formulated with used animal fats, grease and cooking oils. Environmentally safe.

BRAKE PARTS CLEANER

NON-CHLORINATED SOLVENT

This high-solvency blend provides maximum performance in a brake parts cleaner without the use of ozone depleters or chlorinated solvents. Apply with a Sure Shot sprayer to easily remove brake fluid, grease, oily dirt and contaminants from linings, pads, drums, cylinders and springs without disassembling the unit. An excellent product for use in machine, automotive, truck and bus shops.

BRAKE PARTS CLEANER AEROSOL

EASY TO USE

This product is an effective blend of heavy-duty, non-chlorinated solvent and other degreasers. Fast acting and thorough, this cleaner makes the dirty jobs easier to handle. It is an excellent product for use in machine shops, automotive shops or any place where the removal of dirt and greasy soils from metal surfaces is important.

BUG REMOVER

100% BIODEGRADABLE

This product is a biodegradable, non-toxic, free rinsing, all purpose, liquid detergent that easily removes bugs, dirt and heavy road film from cars, trucks and buses. It is a concentrated, chemically balanced detergent that first wets the soil and bugs by getting under the surrounding grime and dirt. Second, it penetrates and breaks them into smaller particles. Third, it emulsifies the soil and bugs and floats them away, leaving a clean surface.

BUS WASH

POSITIVE EMULSIFIER

Bus Wash cleans with positive emulsion—an emulsion so strong oil will not re-deposit or settle on the surface before the job is finished. Re-deposited soil leaves a dull finish and film on the surface after washing. Bus Wash eliminates this common problem. It cuts through exterior grime without dulling the finish. The patented technology of Bus Wash brings efficiency and economy to the cleaning of buses, aircraft, trailers, trains and other fleet vehicles.

CAR WASH SOAP (LOW FOAM)

AUTOMATIC WASHING

Loaded with cleaning and wetting agents, Car Wash Soap (Low Foam) effectively removes a broad range of road related soils, carbons and greases. This formula was specifically designed as a low-foaming product to speed the rinsing process and to conserve water. Super concentration makes it very economical. Dilute up to 400:1 with water, depending on the cleaning power needed.

CAR WASH SOAP CONCENTRATE (LOW FOAM)

(1X6=55)

This product was developed to save money and shipping costs for customers. A 55-gallon drum of Car Wash Soap Concentrate (Low Foam) contains surfactants, emulsifiers, chelating agents, foamers, wetting agents and a drying agent. It also contains 89% water. By eliminating this water from the formulation, 6 gallons (1 bucket) of active ingredients remain. This super concentrated bucket, when mixed with 49 gallons of water, makes a 55-gallon drum of regular strength Car Wash Soap (Low Foam), which should then be further diluted up to 400:1.

CAR WASH SOAP (HIGH FOAM)

HAND WASHING

Car Wash Soap (High Foam) is a blend of surfactants, wetting agents, emulsifiers and cleaning agents. This product is an exceptional cleaner and is loaded with foaming agents. Ideal for hand washing in car dealerships, car lots, commercial car and truck lots and is uniquely suited for hand-wand car washes, tunnel car washes or brush car washes. It can be diluted up to 400:1 with water and it is 100% biodegradable.

CAR WASH SOAP CONCENTRATE (HIGH FOAM)

(1X6=55)

This product was developed to save money and shipping costs for customers. A 55-gallon drum of Car Wash Soap (High Foam) contains surfactants, emulsifiers, chelating agents, foamers, wetting agents and a drying agent. It also contains 89% water. By eliminating this water from the formulation, 6 gallons (1 bucket) of active ingredients remain. This super concentrated bucket, when mixed with 49 gallons of water, makes a 55-gallon drum of regular strength Car Wash Soap (High Foam), which should then be further diluted up to 400:1.

CAR WASH DRYING AGENT

CAR WASH DRYING AGENT

CAR WASH DRYING AGENT is a concentrated liquid drying agent that does not contain any Mineral Seal Oil or other hydrocarbon ingredients. This product will provide superior beading and water break to insure the driest vehicle possible.

CARBURETOR CLEANER AEROSOL REMOVES DIRT, GUM & VARNISH

A combination of powerful, concentrated solvents has been specifically formulated in this aerosol to remove dirt, gum and varnish deposits, which build up on moving parts and sealing surfaces of engine carburetors. Cleans and frees choke linkage, manifold heat controls and PCV valves. Use of this product will increase the life of pistons, rings and cylinder walls. Packaged as a handy aerosol for easy use.

CARPET CLEANER

EXTRACTION CONCENTRATE

This product is a very powerful but safe carpet cleaning liquid that emulsifies dirt and grime by stripping each carpet fiber clean as it treats with an anti-soilant, anti-static and carpet deodorizer. It contains an optical brightener to make carpeting appear bright as new. Carpet Cleaner is very concentrated and only a small amount is required to do a thorough job. Excellent for automobile carpets.

CITRA SAFE

TWO-STEP SYSTEM

Our product is a synergistic blend of surfactants, emulsifying agents, chelating agents and acids. This product is designed for fast and effective removal of road film, oxidation and corrosion from aluminum, stainless steel, brass, steel, copper and painted surfaces. Without the use of Hydrofluoric Acid this product requires no scrubbing, buffing or polishing - quick chemical action penetrates and removes road film, calcium (water) deposits and diesel smoke deposits from aluminum trailers, trucks and cars in just 2-3 minutes. Apply this product with acid proof equipment. Do not allow solution to dry on surface. This product should be used as the first step of a 2-step system.

CITRUS CLEANER

ECONOMICAL DEGREASER

This product is a heavy-duty, water-soluble, citrus-based cleaner and degreaser. It is safe and effective on all washable surfaces. Citrus Cleaner is ideal for removing soils such as grease, ink, mildew, oil and wax. It also contains a rust inhibitor to retard corrosion of metals. It is non-combustible, contains no hazardous ingredients, and gives off no dangerous fumes. This product is a true deodorizing cleaner and is an excellent choice for tires, floors, carpets, upholstery and shop tools.

CITRUS DEGREASER

ENVIRONMENTALLY SAFE

Ideal uses for this product include degreasing concrete floors, equipment, trucks, motors and metal surfaces. This product will remove most resins, adhesives, printing inks, decals, rubber tire marks, tar, asphalt and any other soils -that can be removed by conventional solvent-based degreasers. This natural, citrusbased degreaser is excellent for taking Cosmoline off new car bumpers.

CITRUS DEGREASER AEROSOL **NATURAL CITRUS CLEANER**

This product is a new, trend setting formulation that keeps pace with today's safety and environmental regulations. Powerful, natural, citrus-based degreasers and deodorizers are specially blended to out-perform conventional hazardous solvent degreasers. This multi-purpose concentrate instantly emulsifies grease, oils and fats without the use of workstation harsh acids, alkalis or petroleum solvents. Citrus Degreaser Aerosol is an excellent product for each mechanic to have.

CITRUS DEGREASER SUPER **EXTRA STRENGTH**

Citrus Degreaser Super was specifically formulated to meet and exceed today's most demanding tests for efficiency and safety. This product is formulated with powerful, natural, citrus-based degreasers and deodorizers that out-perform other citrus-based degreasers on the market. This super concentrated citrus degreaser instantly emulsifies grease, oils, printing inks (including ultraviolet ink), decals, adhesives, rubber tire marks, tar and asphalt.

CITRUS SPRAYCAB **ALUMINUM SAFE**

This product was developed for use in spray cabinets equipped with skimmer systems to remove contaminated oils, carbons and greases. It contains strong degreasers, emulsifiers, chelating agents, and a surfactant, which causes waste oil and debris to float to the surface of the cleaning solution for easy removal. This non-foaming compound is safe for all non-ferrous metals and aluminum, and contains a rust inhibitor to prevent flash rusting. It is very concentrated, requiring only 1/2 pound per gallon of water. Pleasant citrus fragrance.

CONCRETE CLEANER **PINE, CITRUS AND SUPER STRENGTH**

This compound is a formulation of fast-acting detergents, grease cutters, wetting agents and emulsifiers blended with soap regenerators that keep it working longer for more effective cleaning. It does an excellent job without leaving any film or residue to recollect dirt, grease or grime. Concrete Cleaner contains a powerful surfactant that combines oil and water into an emulsification solution. Available in Pine, Citrus and Super Strength formulations.

CONCRETE TRUCK CLEANER SUPER SAFE HIGH-FOAMING ACID

This product is a highly concentrated, acid detergent formulated for the removal of hardened cement from handling equipment such as bulk cement haulers, Redi-mix equipment, cement mixers and other tools and machinery throughout cement manufacturing plants. Concrete Remover II contains a high-foaming surfactant allowing this product to be foamed onto the cement truck, lengthening contact time and avoiding atomization. It contains an inhibitor system to reduce the acid attack of metals.

CONCRETE SEALER **SEALS, HARDENS AND DUST PROOFS**

This product is a revolutionary sealer made of acrylic resins, which are resistant to sunlight (they will not yellow outside), oil and most chemical fumes. It also provides hard, sealed protection of concrete from most solvents and acids. It may be used on freshly laid concrete (it aids in curing) or terrazzo, as soon as surface is dry. Concrete Sealer may also be applied to old concrete and terrazzo surfaces. Leaves a shiny, high-gloss finish.

CONCRETE TRUCK CLEANER

SAFE, FOAMING ACID

This product is a highly concentrated, acid detergent formulated for the removal of hardened cement from handling equipment in the concrete industry. Because it is concentrated, it can be diluted with up to 4 parts water for typical jobs. On heavy build-up, dilute 2:1 with water, apply, allow contact time until concrete is loosened, scrub off and rinse thoroughly with clean water. For extreme conditions, this product may be used straight.

DEGREASER (WITH ENZYMES) CONTAINS BIOREMEDIATION ENZYMES

This product is a non-emulsifiable degreaser containing bioremediation enzymes. It cleans by dispersion, breaking the oil down into micro particles so it can be washed away. These micro particles immediately float the oil and debris back to the surface for removal from the waste water—The enzymes actually consume the greases and oils during the cleaning process and continue to work long after the waste oil and greases are discarded. It is 100% biodegradable, water-soluble and contains no hazardous ingredients.

DURAPLUS FINISH

EXCEPTIONAL BUFFABILITY

This ultra, high-water floor polish is a product of revolutionary chemistry; a breakthrough in technology expected to have an impact on the floor polish industry as great as the development of zinc cross-linking. Provides higher gloss and longer wear properties than conventional polymerbased formulations, greatly decreasing the frequency of buffing and floor stripping operations. This product is a 24% solids thermoplastic floor finish.

ELIMINATOR

REMOVES CONCRETE STAINS

Eliminator is a multiple spore blend concentrate designed for use to remove those hard to clean oil and grease stains in both asphalt & concrete. This product is very effective without all of the manual scrubbing that a normal degreaser would require. Just spray and walk away. Over a period of 2 weeks, you will notice that the stain is getting lighter & lighter until it is completely gone. This is due to the Bioremediation enzymes that actually breakdown and consume grease & oil. This product is non-toxic, contains no phosphates, environmentally friendly and contains no harsh caustics or solvents.

ENGINE CLEANER AEROSOL

WATER-BASED DEGREASER

This unique water-based formula combines the cleaning and degreasing strength of solvents, detergents and water into one powerful product that is low in VOC content. It does not contain any chlorinated solvents or ozone-depleting chemicals. It is fast acting and easy rinsing for a clean, bright surface. Simply spray Engine Degreaser onto the engine, allow 5 minutes contact time then spray off with water.

ENGINE DEGREASER

ENVIRONMENTALLY SAFE

Engine Degreaser is formulated with 100% biodegradable ingredients, emulsifiers, penetrants, wetting agents and rust and corrosion inhibitors. This product rapidly penetrates through thick layers of accumulated, hardened grease, oil, sludge, grime, dirt, wax, tar, asphalt and other soils to dissolve, liquefy and break up debris so that it may be flushed away with water. Dilutes up to 50:1 with water.

FOAMER

CAR WASH MAGIC

This new formulation is a combination of 100% active surfactants and wetting agents producing more foam than any other product available on the market. On the API foam column test, 0.25% (400:1) of this product in fresh water produced 2400 ml. of foam carry over, and 4 minutes were required for 100 ml. of free water to break out of the foam. This is 200% better than competitive products. Foamer is excellent for use in self-serve wand or drive-through car washes.

FOAMING BRUSH

CITRUS SCENT

Foaming Brush is a high-foaming, citrus scented, liquid detergent designed for use with cloth or bristle brushes. This viscous, car wash detergent provides lubricity and high foam levels. It contains surfactants, detergents, wetting agents and natural, citrus D-Limonene for exceptional penetration and removal of road soils. This product is an excellent choice for all brush-type car washes.

FORMULA 60

BETTER THAN FORMULA 50

This product is a water-based, heavy duty, all-purpose cleaner and degreaser that can be used on a wide variety of surfaces. This 100% biodegradable product contains a blend of synthetic detergents that rapidly removes dirt, grease, and grime without the use of caustics, phosphates, acids or solvents.

GLASS & MULTI-SURFACE CLEANER

WILL NOT STREAK

This product quickly removes dirt, smudges, water spots, lipstick, hair spray etc., without streaking. It cuts cleaning costs for motels and hotels, hospitals, nursing homes, schools, churches, office buildings, stores, industrial facilities, car yards, taxi fleets, etc. It is excellent for all types of light duty cleaning, including Formica, Tile, Plastics, Stainless Steel, Aluminum, Wood, Plexiglas, Chrome and Painted Surfaces.

GLASS CLEANER AEROSOL

HIGH FOAMING ACTION

Fast foaming action quickly surrounds and lifts soils such as lipstick, oil, grease, bugs, dust, dirt and other foreign matter. This pleasantly scented cleaner works equally well on glass, metal and other non-porous surfaces. This exclusive formula dries rapidly, leaving a clean surface, free of streaks, with no hazy after-film. It is the best aerosol cleaner available.

GLASS & MULTI-SURFACE CONCENTRATE (ONE QT = FIVE GALLONS)

This product is a fast, easy to use glass cleaner concentrate that quickly dissolves deposits of grease, dirt, smoke film, finger marks, lipstick, crayon smudges and oil, then wipes off with a clean cloth or towel. A good glass cleaner is hard to find. 100% of all glass cleaners say they are streak free, in actuality, 90% are not. This product has been researched and developed into the best glass cleaner on the market today. Our product is fortified with a fantastic solvent type cleaner and ammonia to give a great cleaning and yet at the same time it will wash absolutely streak free.

GOLD GREASE AEROSOL

GOLD GREASE LUBRICANT

This product is a unique formulation of superior quality industrial lubricants in a convenient aerosol form. This state-of-the-art product is designed for extreme or heavy-duty applications and offers superior lubrication under varying temperatures.

HAND CLEANER (BLUE PUMICE) INDUSTRIAL STRENGTH

This is an essential hand cleaner for the automotive industry. It is ideal for removing printers' ink, heavy grease, encrusted grime, oil, embedded paint and many other stains. This formula contains the finest, mildly abrasive pumice to loosen and dissolve embedded soils. It also contains skin conditioners to protect hands from drying, cracking and chapping. Hand Cleaner Blue Pumice is Brody Chemical's best selling hand cleaner to automotive and trucking companies.

HAND CLEANER (CHERRY PUMICE) PINK GEL

An essential hand cleaner for those hands that are really dirty. Ideal for removing printers ink, heavy grease, encrusted grime, soil, embedded paint, and many other stains, floating it away from the pores. Contains skin conditioners to protect hands from drying, cracking and chapping, leaving a soothing and protecting film of lotion which keeps your hands from feeling raw or dry from over scrubbing. Contains a blend of the highest quality surface cleaners combined with the finest mild abrasive pumice to help loosen and lift embedded soil. Has an excellent fragrance.

HAND CLEANER (CITRUS PUMICE) MILD ABRASIVE

This is an essential hand cleaner for the automotive industry; ideal for removing printers' ink, heavy grease, encrusted grime, oil, embedded paint and many other stains. This formula contains a blend of the highest quality surface cleaners and orange peel oils combined with the finest, mildly abrasive pumice. It also contains skin conditioners to protect hands from drying, cracking and chapping.

HAND CLEANER (NATURAL SCRUBBERS) EMOLLIENT ENRICHED

Our product uses advanced cleaning technology with natural scrubbers to quickly remove all types of grease, oil, paint and other soil from hands through its unique cleaning action. This product penetrates deep into the skin to loosen ground-in grime and floats it to the surface where it can be washed off with water or wiped off with a paper towel.

HAND CLEANER (WATERLESS) CONVENIENT TUBES

This product is a convenient way to keep hands clean out in the field where water is not available. Simply apply a little to the palm of your hand and rub briskly or wipe off with a rag or towel.

HAND CLEANER SCRUBS PORTABLE BUCKET

Hand Cleaner Scrubs offer fast and effective hand cleaning in a convenient portable bucket. Each dispensing canister contains 72 each, 10 1/2 x 12 1/4 perforated, high-strength, absorbent cleaning towels, treated with a gentle-to skin but effective heavy-duty, grease-cutting and soil-lifting formulation. For use on the toughest soils, greases, tar, graphite and even printers' ink.

HARD SURFACE 40 AEROSOL ALL-WEATHER FORMULA

Hard Surface 40 Aerosol is a superb, all-weather, surface and glass cleaner. It is formulated with the same ingredients as a powerful degreaser, yet its penetrating foam is safe to use on windows, counter tops, furniture, tile, marble, porcelain, and car/truck windshields. Great for windows and automotive glass in cold temperatures.

HEAVY DUTY CLEANER

SUPER CONCENTRATED

Heavy Duty Cleaner represents the latest technology in concentrated heavy-duty cleaning liquids. This fast acting formulation quickly penetrates and emulsifies the toughest industrial and institutional soils. This product is ideally suited for cleaning a wide variety of soil types from most hard, durable surfaces without leaving any sticky, filmy residue. Heavy Duty Cleaner is a great choice for use with pressure washers, steam cleaners, floor scrubbers and manual mopping operations.

INDUSTRIAL DEGREASER

WATER-SOLUBLE SOLVENT

This product is a heavy-duty, water-soluble degreaser. It is safe and effective on all washable surfaces for removing soils such as carbon, creosote, dyes, grease, ink, mildew, oil and wax. The formulation also contains a rust inhibitor to retard corrosion of metals. Fireproof, acid free and gives off no dangerous fumes. Industrial Degreaser is very concentrated and can be diluted up to 20:1 with water for greater economy.

KICK ACID CONCRETE TRUCK CLEANER

CONTAINS NO ACID

Kick Acid Concrete Truck Cleaner is a new chemical formulation that cleans like an acid with the safety of dish soap. This product is a liquid, acid alternative with no odors or fumes. It attacks the Portland in cement, completely dissolving the hardened cement to a mushy substance, making it rinseable with high pressure and cold water. Kick Acid Concrete Truck Cleaner is non-corrosive, non-fuming, 100% biodegradable and non-hazardous to equipment. It contains no sulfuric, muriatic, hydrochloric or phosphoric acids.

LIQUID HAND SOAP

PLEASANT FRAGRANCE

Our liquid hand soap is formulated with 100% natural ingredients and scrubbing agents that will not dry out or crack skin. The natural ingredients used in this product have been pH adjusted for mildness without sacrificing cleaning power.

LIQUID STEAM CLEANER

SAFE ON FERROUS METALS

This heavy-duty, steam cleaner and pressure-washer detergent is excellent for cleaning automotive equipment, bay floors and walls, garbage trucks, large machinery and aluminum siding. It effectively penetrates oils and greases, making it a great concrete cleaner as well. Special ingredients prevent scale build-up in steam cleaners. This concentrated liquid is very economical because it can be diluted with water up to 80:1.

MAG WHEEL CLEANER

DEGREASER/BRIGHTENER

Mag Wheel Cleaner is a combination of powerful detergents, wetting agents, emulsifiers and acid cleaners. These powerful, dirt-removing ingredients penetrate quickly into the cracks and crevices of mag wheels to remove even the toughest road film, brake dust and embedded grease. This product eliminates hand scrubbing. Simply apply, allow for contact time and rinse off. Mag Wheel Cleaner contains a special inhibitor to prevent rusting and corrosion.

MOLY/PTFE LUBRICANT AEROSOL **SPRAY ON LUBRICANT**

MOLY/PTFE Lubricant Aerosol is designed for use on automotive, marine, farm, electrical and mechanical equipment. This product lubricates, cleans, penetrates and stops corrosion on metal. With the addition of both PTFE and molybdenum disulfide, this formulation displaces moisture, provides excellent lubrication, eliminating squeaks and binds, and reduces maintenance time. The film never hardens.

NON-BUTYL DEGREASER **SCIENTIFIC BREAKTHROUGH**

Non-Butyl Degreaser is the result of a technological breakthrough. This nonbutyl formulation is so unique it is actually patented. This remarkable degreaser removes greasy, oily dirt better than butyl cellosolve and it is safe to use. Unlike butyl formulations, this product emulsifies oil and grease for complete removal. This concentrated degreaser is an excellent choice for the automotive and large equipment industries.

ORANGE SOLVENT **BIODEGRADABLE DEGREASER**

Ideal uses for this product include degreasing concrete floors, equipment, trucks, motors, and metal surfaces. This product will remove most resins, adhesives, printing inks, decals, rubber tire marks, tar and asphalt and most soils removed by conventional solvent-based degreasers. This natural solvent is an effective drain cleaner, deodorizer and maintainer. Orange Solvent is an excellent product for removing Cosmoline and tar from automobiles.

ORANGE SOLVENT AEROSOL **SUPER DEGREASER**

This multi-purpose aerosol instantly emulsifies grease, oils and fats without the use of harsh acids, alkalis or petroleum solvents. Ideal uses for this product include degreasing equipment, trucks, motors and metal surfaces. This convenient product will remove most resins, adhesives, printing inks, decals, rubber tire marks, tar, asphalt and other tough soils conventionally requiring a solvent-based degreaser. Orange Solvent Aerosol easily removes Cosmoline from new car bumpers.

PARTS WASHER SOLVENT **NON-FLAMMABLE**

Parts Washer Solvent is an excellent cleaner and degreaser specifically designed for use in parts washers and dip tanks. It is a great light-duty cleaner for fuel pumps, carburetors, filters, master cylinders, valve covers, rocker arms and all engine parts. This product is safe for use on all metals and leaves a light, protective film, protecting against rusting and corrosion. Flash point is above 145° F; it is considered non-hazardous.

PENETRATING LUBRICANT AEROSOL **LOOSENS RUSTED BOLTS**

A superior lubricant formulated to loosen, clean and lubricate frozen nuts, bolts and moving parts. This non-flammable, penetrating lubricant prevents corrosion, saving repair and maintenance time. It is ideally suited for refrigeration equipment, automobiles, workshops, industrial equipment, mechanics, oil rigs, etc. This convenient aerosol comes with an extension tube for hard-to-reach areas.

PENETRATING OIL

LOOSENS RUSTED BOLTS

A superior, liquid lubricant formulated to loosen, clean and lubricate frozen nuts, bolts and moving parts. This non-flammable, penetrating lubricant prevents corrosion, saving repair and maintenance time. It is ideally suited for refrigeration equipment, automobiles, workshops, industrial equipment, mechanics, oil rigs, etc. Penetrating Oil comes in bulk for extra large jobs.

PORTACHEMICAL

MAINTAINS PORTABLE TOILETS

This product is a highly concentrated, portable toilet chemical deodorizer recommended for use on commercial bus lines, boats, houseboats, airplane and motor homes. It is also excellent for maintaining and deodorizing all types of vault toilets and portable outdoor toilets. Its pleasant fragrance continues to control unpleasant waste odors long after other deodorants quit working. Does not contain formaldehyde.

PROTECTIVE COATING

MICROSCOPIC SILICONE SPRAY

This product dries and buffs within minutes to a clean, streak-free finish, which guards surfaces against dust, fingerprints, smudges, water spots and pollution fallout. Protective Coating imparts water repellency, luster and non-soiling qualities to treated surfaces, which provide resistance against scratches and oil/soil accumulations. Excellent for use on automotive paint finishes, glass windows, Plexiglas (helicopters) and glass countertops. It is effective in hot or cold weather.

PROTECTIVE SHIELD

PROTECTS AND BEAUTIFIES

Protective Shield penetrates, protects and beautifies most rubber, vinyl, plastic, finished leather and wood surfaces in good, clean condition around the garage, house and office. Use on items such as tires, vinyl tops, dashboards, seats, luggage, sporting goods, hoses, stereo/TV equipment, shoes, handbags, jackets, furniture and cabinets. Protective Shield is a water-base silicone, so it will not dry out dashboards and seats.

RECONDITIONING CRÈME

HEALS DERMATITIS

This super aloe Reconditioning Crème was specifically formulated for dry skin caused by overexposure to the sun, wind, and severe outdoor climates. This formula contains 50% more Aloe Vera Gel, Jojoba Oil, and precious Mink Oil than any other products on the market. This extra strength formula protects and heals peeling, flaking, and dry skin. It provides soothing relief to people who suffer from the pain of dermatitis

SC TIRE/VINYL DRESSING

VERY CONCENTRATED

This product was developed to save money, floor space and shipping costs for customers. By eliminating the water from the original formulation of Tire/Vinyl Dressing, pure active ingredients remain; it produces a super concentrated product that should be diluted 9:1 with water. It is made from pure water-based silicones to provide great shine and conditioning without cracking.

SHINE-ALL AEROSOL

HANDY AND CONVENIENT

This easy-to-use, revolutionary product is the way to keep tires looking beautiful and lasting longer. Cleans, shines, and protects in one simple step. No wiping, touching, or messy rags required. Just spray on tires and walk away. Dries in minutes to a lustrous, like-new shiny protective finish. Penetrates rubber to protect from cracking and fading. Safe on wheels and wheel covers of all types. Also excellent for other rubber surfaces such as bumpers, mud flaps, and trim.

SILICONE RELEASE AGENT AEROSOL STOPS STICKING & SQUEAKING

This aerosol is a heavy-duty (10,000 centistokes) silicone, which stops binding and squeaking without gumming. It forms a protective, flexible shield on rubber, weather stripping, trunk lids, doors, hoods and automotive window moldings. Under the hood, it keeps battery terminals clean, protects against corrosion and weather-proofs ignition systems, plug insulators and distributor caps. Lubricates door locks and prevents freezing.

SNOW AND ICE MELT

BREAKS THE ICE BARRIER

Brody Chemical Snow and Ice Melt reduces damage to concrete and stone surfaces, when used according to directions. Special inhibitors and anti-caking agents are added to ensure the product is free flowing and will spread at a uniform rate. This product leaves no residue and is non-tracking when applied at the recommended rate. Snow and Ice Melt is a blend of calcium chloride, sodium chloride and sodium silicate, and has been lab-tested to melt ice down to -20° F. Available in bags or containers of 50, 100, 500 and 2000 pounds.

SOLVENT DEGREASER

HEAVY-DUTY DEGREASER

Solvent Degreaser is formulated with a blend of organic solvents, emulsifiers, penetrants, wetting agents and rust and corrosion inhibitors. This product rapidly penetrates through thick layers of accumulated, hardened greases, oils, sludge, grime, dirt, waxes, tar, asphalt and other soils to dissolve, liquefy and break up debris so it may be flushed away with clear water. Solvent Degreaser is excellent for automotive, trucking and industrial applications.

SPRAY CAR WAX

AUTOMATIC CAR WASH RINSE

This formulation is a concentrated, liquid car wax for automatic car washes. Apply this product in the final rinse of wash cycle to prevent water spotting, speed drying and obtain a just-waxed look. This product contains mineral seal oil to bead water, along with a very concentrated drying agent. Spray Car Wax is available in three colors: blue, gold and pink.

SWEEP ZORB

FLOOR SWEEP

This product is safe to use on all floors, including cement, hardwood, vinyl, rubber, asphalt and tile. It will not stain carpets or scratch or dull high gloss finishes. This product absorbs dirt, holds onto grit and sand, and controls airborne dust. It also improves the condition of floors by filling in rough surface edges with a light seal, making future cleanings even easier. This product is also 100% biodegradable.

SYNTHETIC PEN LUBE AEROSOL

MOISTURE-DISPLACING

This aerosol is a moisture-displacing and penetrating oil. It is a multi-purpose product formulated to lubricate, penetrate, displace moisture and prevent corrosion without the use of ozone depleting chlorinated solvents. In addition, this product is fortified with PTFE for superior lubricity and advanced corrosion inhibitors for maximum protection of metal surfaces. Excellent for door hinges in the automotive and trucking industries.

TAR REMOVER

EMULSIFIES TAR AND ASPHALT

Tar Remover is a very strong, citrus-based detergent developed especially to remove tacky and dried-on tar and asphalt that other products cannot touch. It dissolves thick coats of tar and asphalt from concrete, stone, brick, masonry equipment and vehicles. This product is made from 100% biodegradable, citrus terpenes, making it safe for the environment. Tar Remover is a water-emulsifiable product that can be rinsed easily with high-pressure water.

TIRE DRESSING

SILICONE WHITE EMULSION

This product restores the black finish to faded, worn tires and vinyl tops, making them look new again. Tire Dressing is also excellent to use on floor mats, dashboard, engine hoses and firewalls, batteries and all rubber products. This product guards against ozone, ultraviolet rays and oxygen that crack, dull, harden or rot these materials. Tire Dressing is made from a water-based silicone so it won't dry out and crack the rubber or vinyl.

TIRE MAGIC

SILICONE AND CONDITIONERS

This product beautifies and protects vinyl and rubber surfaces inside and outside vehicles. The clear formula prevents any milky or cloudy appearance to haze or dull surfaces. Tire Magic contains a special blend of silicones, conditioners and selected solvents that penetrate deeply to protect against cracking, drying, fading and hardening. Use regularly on tires, dashboards, seat, trims, vinyl tops, luggage, sporting goods, boats and acrylic objects.

TIRE/MOTOR CLEANER

SELF-SERVICE CAR WASHES

Tire/Motor Cleaner is blended with 100% biodegradable, natural ingredients, emulsifiers, wetting agents, foaming surfactants and a rust and corrosion inhibitor. This product penetrates through thick layers of hardened grease, oils, sludge, grime, dirt, tar, asphalt and other road soil accumulations. Use in self-serve car washes to pre-spray engines and tires. Tire/Motor Cleaner can also be used as a pre-spray for bugs and tires in drive-through car washes.

TNT CONCENTRATE POWDER

(1 BUCKET = 2 DRUMS)

A premium, powdered truck and trailer wash, formulated without any harsh caustics, acids, or solvents. TNT Concentrate will remove exhaust deposits, mud, grime and road film in a single brushless application. It is composed of alkaline builders, water softeners, surfactants and emulsifiers. An excellent, economical truck and trailer wash designed for pressure application without the need of brushes. This product is highly effective on road film and extremely concentrated. One 40-pound bucket will make two 55-gallon drums.

TNT LIQUID

BRUSHLESS TRUCK AND TRAILER WASH

TNT Liquid is a premium truck and trailer wash, formulated to remove exhaust deposits, road film and bug residues from painted vehicle surfaces in a single, brushless application. It is a very concentrated product that can be diluted with 25 parts water for heavy-duty cleaning and up to 100 parts for light-duty cleaning. TNT Liquid is made of synthetic, biodegradable detergents that rinse completely to eliminate streaking.

TNT LIQUID CONCENTRATE

(2X6=55)

This product was developed to save money and shipping costs for customers. A 55-gallon drum of original TNT Liquid contains surfactants, emulsifiers, chelating agents, degreasers, foamers, wetting agents and a drying agent. It also contains 78% water. By eliminating this water from the formulation, 12 gallons (2 buckets) of active ingredients remain. These 2 super concentrated buckets, when mixed with 43 gallons of water, make a 55-gallon drum of regular strength TNT Liquid, which should then be further diluted up to 100:1.

TOILET BOWL CLEANER

THICK CHEMICAL ACTION

This product is a balanced formulation of powerful cleaning agents, which ensure effective, thorough cleaning in all restroom facilities. Toilet Bowl Cleaner clings to vertical surfaces, penetrating and dissolving mineral and scale deposits for easy removal. It is also very effective for removing body fats, film, scale and mineral deposits on shower stalls, ceramic tile, walls, floors and swimming pool areas. Harmless on most paints and finishes.

TOUCHLESS VEHICLE WASH

HIGH-FOAMING/TOUCH FREE

This product is an alkaline, high-foaming, liquid detergent especially formulated to be used in touch-free car and truck washing facilities. It is very effective at removing road film, dirt and bug residues without scrubbing. It can be used as a pre-spray on all vehicle surfaces, including engines, wheels and tires. It is formulated with detergents and surfactants that are 100% biodegradable and free rinsing.

TRUCK AND TRAILER 2

HEAVY-DUTY TRUCK WASH

This product is a complex formula consisting of detergents, wetting agents, water softeners and rinse additives. Truck and Trailer was specifically designed for use with pressure washing equipment for rapid, effective and economical cleaning of fleet vehicles. It is non-corrosive, free rinsing and removes grease, oil, sludge, light tar, bug insecticides, fertilizers, etc. This product is 100% biodegradable and safe to the environment.

TRUCK WASH POWDER

ECONOMICAL

This product is a mildly alkaline, free-flowing, orange powder designed for simplified washing of transportation equipment and trucks. Truck Wash Powder is safe for use on all metals, paints, plastics, and rubber products. It is extremely free rinsing and is well supplied with sequestering agents, so water of any hardness can be used. This powder is the ideal material for quick, simple, economical washes of trucks, trailers, cars and buses.

WASH AND WAX

ELIMINATES WIPING

Wash and Wax is a highly concentrated, one-step car wash soap, which cleans dirt, bugs and road film from cars and trucks. It contains a unique rinse additive, which provides clean rinsing without water spotting or film and requires no wiping. Wash and Wax is an excellent product for washing cars in the lot. Dilutes up to 400 to 1.

WINDSHIELD WASH CONCENTRATE

CUTS COSTS IN HALF

This is a concentrated product that should be diluted with water before using. Dilute product with up to 16 parts water for excellent cleaning during summer months and with up to 4 parts water for full protection during winter months. It is recommended for all truck and auto maintenance shops, lube and oil centers, car dealers, cab companies, police department, etc. Two 5-gallon buckets make a 55-gallon drum for winter use. Use Brody's Drum Master Feeder to automate dilution.

WINDSHIELD WASH RAW PACK

CONCENTRATED ADDITIVE

Windshield Wash Concentrate is shipped all across the country to service stations, car dealerships, truck shops, rental car agencies, truck dealerships, etc. This product was developed to cut freight costs for customers located in remote areas with the ability to purchase methanol from a local raw material supplier. Windshield Wash Raw Pack can be added to methanol for a winter blend or diluted with water up to 550:1 for a summer blend.

ABOUT BRODY CHEMICAL

Brody Chemical sells and provides service to over 50,000 customers in a variety of industries including manufacturing, industrial, mining, automotive, institutional, hospitality, trucking, food and beverage, agricultural, and medical. Brody Chemical's sales representatives are trained to offer technical assistance and recommendations in selecting solutions and cleaning processes that best meet the needs of clients.
